## ➤ **B2C ( Amazon, Flipkart, Meesho, etc)**

B2C ecommerce is when a business sells products or services to customers through an online platform. A few examples of B2C ecommerce business are Amazon, Walmart and Flipkart.

## ➤ **Website (25 Pages)**

A website is a collection of web pages and related content that is identified by a common domain name and published on at least one web server.

### ➤ **POP Email id**

POP, short for the Post Office Protocol, is used to sync email from Gmail to any compatible mail client, such as Outlook.

### ➤ **Social Media Accounting Handling**

Social Media Management is the ongoing process of creating and scheduling content designed to grow and nurture an audience across social media platforms.

### ➤ **Every Festival Post**

Festival Post is a digital marketing app available both for android and ios smartphones, that offers ready to use festival posters & videos with creative layout options for advertising on social media to promote business online for 365 days.

## ➤ **Basic Seo**

Seo is the process of growing a website's organic search traffic. You do this by ranking in organic search results. SEO is important because you're unlikely to rank well without it.

## ➤ **Google Local Listing**

Any online profile that mentions a business NAP (name, address, and phone number) and other key details for brick-and-mortar business.

## ➤ **Payment Gateway Integration**

Online Payment Gateway Integration aims to help ecommerce companies smoothly accept digital payments from customers.

### ➤ **Trust Stamp**

Trust Stamp creates transformational technology that accelerates secure societal and financial inclusion through zero-knowledge-proof identify authentication

### ➤ **Visitor Hit Counter**

A Visitor Counter measures the number of people entering a venue, room, outside area or other building.

### ➤ **Language Converter**

A program which is used to translate instructions that are written in source code to object code i.e. from high-level language or assembly language into machine language.

## ➤ **International Leads**

The process by which a company attracts and convinces a person to explicitly express their interest in the product/ service offered.
